Does Education Matter?: Myths About Education and Economic ...

In spite of the provocative title of the book, *Does Education Matter?*, Alison Wolf is no fool. She admits that (1) yes, knowledge, and thus education, is important in itself. She admits that (2) yes, education has an effect on the salary an individual can gain. As a "positional good" it affects how the wealth in society is distributed.

Does Education Matter? eBook by Alison Wolf ...

Does education matter? Should countries spend more on education and training, especially higher education, to promote growth? While nearly everyone assumes the answer is obvious, it is not, and the actual data is weak. In fact, World Bank studies suggest that in the world's developing economies, higher education levels may lead to less economic ...
