What Does The Anti Pollution

The Anti Pollution Fault is a fault that can appear on the information display in the instrument cluster. The reason

Download Ebook What Does The Anti Pollution

Why this fault occurs differs from model to model. In the 207 (and the 207cc) this fault is often caused by the ECU or the head gasket. The fault that will appear in the 1.4 or 1.6 VTI models without a turbo in the Peugeot 207, is caused by an incorrect fuel/air ratio.
